WELL PERMIT APPLICATION

Property Owner: _____ Phone: _____

Owner Address: _____

Address/Location of Well: _____

Drilling Company: _____ Co. Phone: _____

Type of proposed well (circle one): Residential, Commercial, Other _____

Reason for Well (circle one): New Construction, Subdivision, Replacement – Low Yield, Other: _____

➔ **Please attach a dimensioned plot plan showing the exact location of well.**

An inspection must be made by the Sewage Enforcement Officer (SEO) to verify the well location prior to drilling.

The "Certificate of Well Construction" attached to this form and a copy of the well driller's log must be completed by the well driller and returned to the Township no later than 14 days after the well is completed. The property owner must have the water from the new well tested at a laboratory for total fecal coliform bacteria content, and submit the results to the Township within 14 days of the completion of the well.

The Alsace Township Well Ordinance (Ordinance 2005-4) requires an isolation distance of at least 50 feet from a new well to any existing property line, centerline of a street, or a septic tank, and at least 100 feet from any sewage absorption area. This ordinance also requires that all wells be constructed with well casing extended at least to bedrock depth. Plastic casing is not permitted. In addition, all wells must be grouted. The undersigned agrees to abide by all of the above conditions. (Copy of Ordinance 2005-4 attached)
